

# Whoever thought that losing your job meant losing your health coverage?

## The 2nd Annual Symposium: "The Crisis of the Uninsured"

Thursday, May 13, 2004  
at the Healthspace Cleveland  
8911 Euclid Avenue  
8:30–11:00 a.m.

A substantial portion of the 44 million uninsured Americans lost their health care insurance when they lost their jobs. And now many postpone or forego the needed medical care. The Sisters of Charity of St. Augustine Health System—visionaries in providing health care access for all people—is proud to sponsor this timely symposium.

A panel, moderated by *Plain Dealer* philanthropy reporter—Susan Ruiz Patton, will cover policy issues concerning America's uninsured, local response, and future strategies for our community.

**Keynote Speaker:**  
**Dr. Bruce C. Vladeck**

Professor of Health Policy, Mount Sinai School of Medicine, New York City. Also former Administrator of the U.S. Department of Health & Human Services' Health Care Financing Administration (HCFA)

**RSVP required. To register, contact Heather Stoll, (216) 377-4362 or visit [www.csahealthsystem.org](http://www.csahealthsystem.org).**

Sponsored by:
