ADD DIMENSION TO YOUR SALES WITH THE BOLD, NEW LOOK FROM KRYLON!

We have updated our famous "Five-Ball" label and given it a more dimensional and contemporary look. While our label has changed, the superior Krylon quality and drying time haven't. We've still got you covered with categories of colors to satisfy all your customer demands for both gloss and satin choices in our decorator line.

*Krylon delivers the same quality,
dry time and color selection—with a bold new look.*
