Expertise. Integrity. Results. It's these qualities, and more, that have brought middle-market companies to put their trust in P&M Corporate Finance (PMCF).

Founded in 1995, PMCF is an investment banking firm focused exclusively on serving the middle market. Since inception, we have successfully completed more than 200 financial advisory assignments in virtually every business sector across the United States and internationally, for clients including individuals and family-owned businesses, large public companies, and private equity firms.

Led by a dedicated team of senior professionals, all with extensive transaction experience and deep industry credentials, we continue to demonstrate our

OUR INDUSTRIES

There are no learning curves. No "getting up to speed." At PMCF, our investment bankers are already there, ready to address the challenges of your particular transaction. We're deep into every industry segment we serve, meaning our specialized teams have the middle-market knowledge and access to treat your transaction individually, on its own merits, not cookie cutter. Our dedicated industry teams understand the sector dynamics that drive strategic value and bring a full complement of insight and resources to every transaction.
